

Note: CoCA = Cost of Caloric Adequacy; CoNA = Cost of Nutritional Adequacy; CoRD = Cost of the Recommended Diet.
 The representative household comprises one adult male (31–51 years), one adult female (31–51 years), and one female child (10–14 years).
 Nutritional requirements follow GABAS dietary guidelines adjusted by city-specific estimated energy requirements (EER). Costs deflated by the national CPI (base year 2019).
