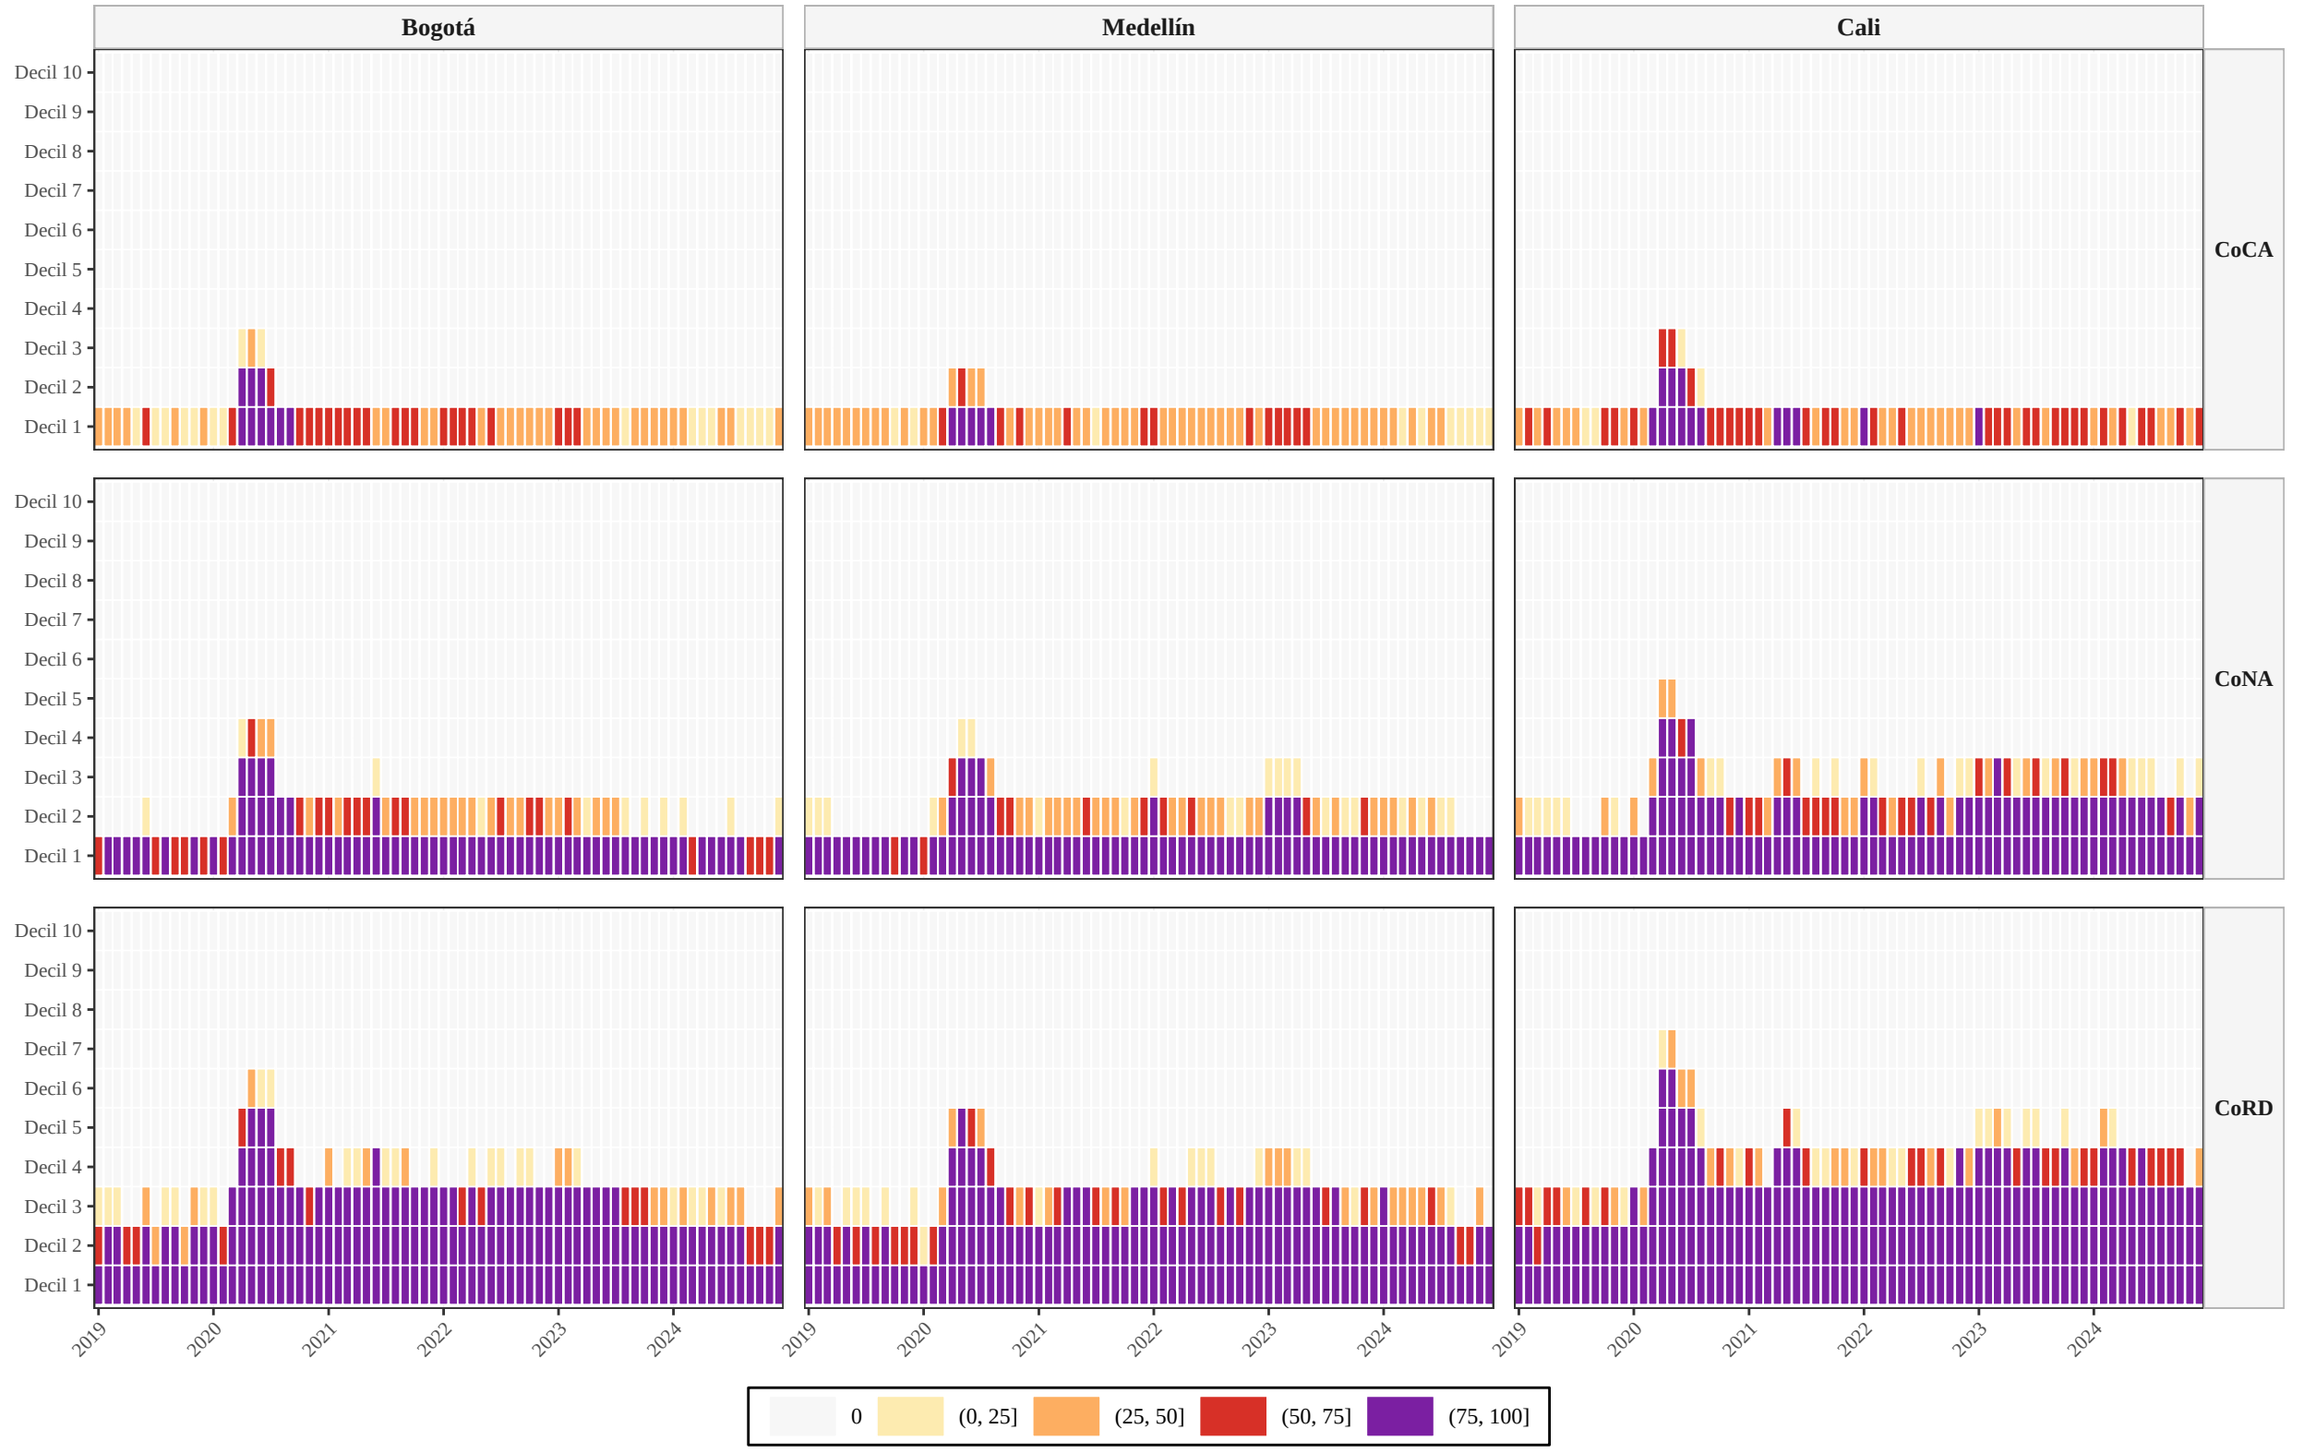
Figure 9. Annual household unaffordability rate by income decile and city, 2019–2024

Monthly share of households unable to afford each diet. Darker fill indicates higher unaffordability.



Note: Monthly unaffordability rate (FGT0) = share of households whose annual food expenditure per capita is below the annual diet cost.
CoCA = Cost of Caloric Adequacy; CoNA = Cost of Nutritional Adequacy; CoRD = Cost of Recommended Diet.
