

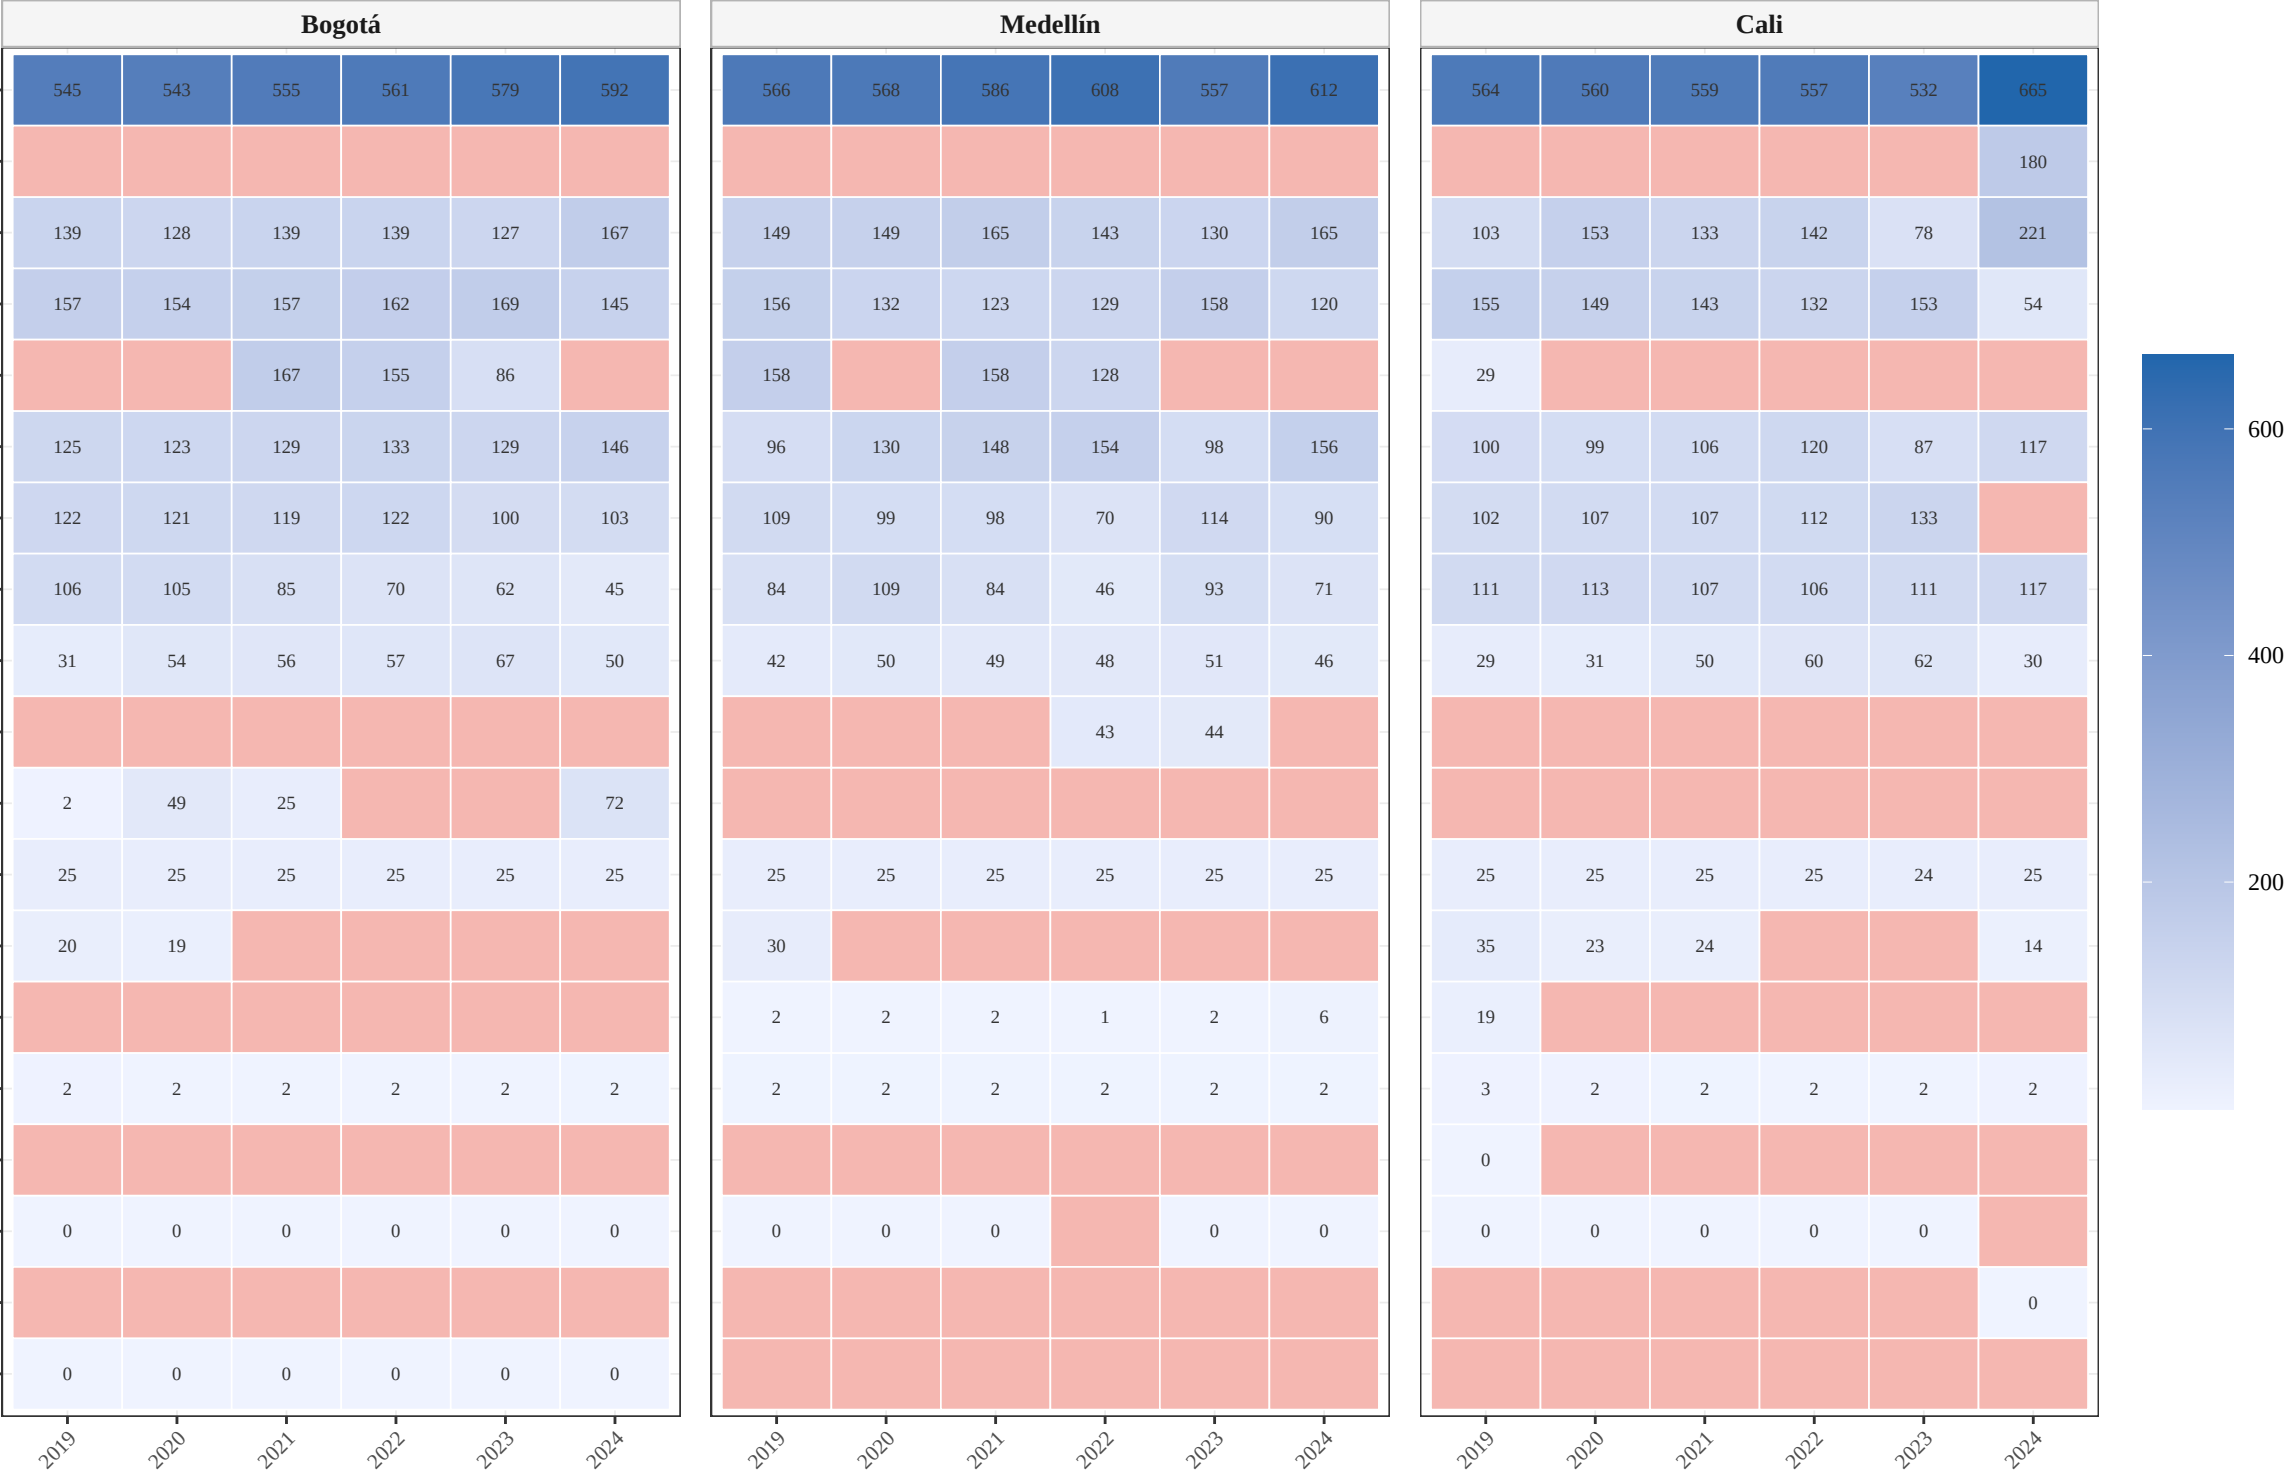

Figure 2B(i). Annual mean daily quantity of all foods ever selected in the CoNA diet, 2019–2024

Mean quantity among months in which each food was selected (g/day per member).

Note: Values show mean daily quantity (g/day) among months in which each food was selected (quantity > 0). Red cells indicate the food was never selected in that city-year.
CoNA = Cost of Nutritional Adequacy.
